# TOTAL SOLUTION FOR PAINT MANUFACTURING & APPLICATION

book  
your  
space !!

## Expo Paint And® Coatings - 2023

CONCURRENT EVENT

EXHIBITION ON BRUSH MANUFACTURING INDUSTRY

13 14 15

JULY 2023

DELHI PRAGATI MAIDAN

### A PROVEN MARKET PLACE FOR PAINT & COATING INDUSTRY

#### PAINT PRODUCTION

- Raw Materials And Chemicals
- Pigment, Adhesives, Additives
- Construction Chemicals
- Capital Equipment/Machines
- Testing & Analytical Instruments
- Paint Conveying & Handling Sys.
- Packaging & Containers

#### APPLICATION SYSTEMS

- Systems for Paint & Coatings Application
- Powder/Liquid/Coil Coating Systems
- Spray Guns /Paint Booths/Etc.
- Paint Brushes & Rollers
- Drying/Curing/Stripping Equipment
- Automation & Compressors
- Allied Technology & Services

#### INDUSTRIAL COATINGS

- All Kind of Industrial Coatings- Protective, Anti Corrosion-Water proofing-Fire retardant
- Metal-Wood-Plastic-Glass-Ceramics
- Marine Coatings , Auto Refinishes
- Special purpose Coatings
- Pre treatment & Protective Chemicals
- Surface Preparation & Finishing

5000 m<sup>2</sup>  
EXHIBITION

## OUR ASSOCIATE PARTNER

### M/S GRASIM IND. LTD

• Bleaching Powder (Vikram Brand) • Aluminium Chloride • Sodium Sulphate • Bleaching Granules (Ransa) • Caustic Flacks & Lye • PAC (Powder & Liq.)

M/S MAGNESIA CHEMICAL LLP • POTASSIUM PERMANGANATE (KMNO<sub>4</sub>) All Grade

## OUR MANUFACTURING PRODUCTS

### Phosphate Range Products

• MSP • DSP & TSP (Anhydrous & Crystal)  
TPP • SAPP MAP • DPP TPPP • DAP • TSPP & MPP

### Precipitated Silica Powder

• All Grade

### Textile Chemicals of Commercial Grade

• Tartaric Acid • Citric Acid • Oxalic Acid

## OUR OWN IMPORT PRODUCTS

• EDTA Di/Tetra & Acid • Sodium Gluconate • Xanthum Gum • Sodium Percarbonate Coated Granules & Tablets • Citric Acid Mono / Anhydrous China Make

### Solvents

• Meg • DMF • Toluene • Acetone • N-Hexane • Ethyl Acetate • IPA

### Acid

• Acetic Acid- Imported & GNFC • Formic Acid 85%-Gnfc • HCL • Sulphuric Acid 98%  
• Sulphamic Acid • Phosphoric Acid

## MORE PRODUCTS FOR ETP

• Technical Urea • Aluminium Sulphate (Ferric & Non-Ferric) • Ferric Chloride Powder  
• Sodium Hypochlorite (Hypo) • Lime • Anti-Scaling Agent  
• Bleaching Powder – GACL Make • Poly Electrolyte

## OTHER PRODUCTS

• Sodium Bi Carbonate • Soda Ash • DCP- Feed Grade • Sodium Acetate  
Trihydrate & Anhydrous • Sodium Nitrite & Nitrate • BKC 50% & 80%  
• Calcium Carbonate (Lime Stone)

### GACL Products

• Bleaching Powder • HP (Hydrogen Peroxide) • Caustic  
Potash • Caustic Prills • Potassium Carbonate Granules & Powder  
• PAC Powder & Liquid

# CHEMICAL MARKET

A MONTHLY MAGAZINE DEVOTED TO THE DYES, CHEMICALS, PHARMACEUTICALS, TRADE & INDUSTRY SINCE 1982

## Changes, Growth and Trends in the Cosmetic Industry

As per the Drug and Cosmetic Act 1940, “cosmetic” means any article intended to be rubbed, poured, sprinkled or sprayed on, or introduced into, or otherwise applied to, the human body or any part thereof for cleansing, beautifying, promoting attractiveness, or altering the appearance, and includes any article intended for use as a component of cosmetic.

The cosmetic industry is one of the most lucrative and dynamically changing industry in the chemical sector. With the short life cycles of cosmetic products, diverse climatic conditions and fast changing trends in the fashion industry the cosmetic products manufacturers need to be constantly evolving and innovative. The product competition is fierce and the rising middle class has contributed to the rise in the cosmetic industry along with new social media and marketing paradigm shift. Also the natural and ayurvedic products have increased competition in the personal care and cosmetic industry. Imagine Patanjali, an Indian Ayurvedic and cosmetics industry products are in direct competition with Hindustan Unilever and L'Oréal's of the world.

The global cosmetic industry shows no signs of slowing growth. Its market size was valued at \$380.2 billion in 2019 and is projected to reach \$463.5 billion by 2027, registering a CAGR (Compound Annual Growth Rate) of 5.3% from 2021 to 2027. The Indian Cosmetic Market growth rate of 2.3% for the \$15 billion in December 2020. and Personal Care Market is expected to reach USD 33.33 billion in December 2020. (Research and Markets, 2022). The success of Patanjali and the Body works and Body Shop are market of more than a billion

Notes: Data shown is using current exchange rates and reflect market impacts of Russia-Ukraine war.  
Most recent update: Dec 2022  
Source: Statista

According to statista

- Revenue in the Beauty & Personal Care in 2023. The market is expected to reach USD 33.33 billion in 2023-2027).
- The market's largest segment is the segment Personal Care with a market volume of US\$12.59bn in 2023.
- In global comparison, most revenue is generated in the United States (US\$91.41bn in 2023).
- In relation to total population figures, per person revenues of US\$19.18 are generated in 2023.
- In the Beauty & Personal Care market, 12.7% of total revenue will be generated through online sales by 2023.

Personal Care market amounts to US\$27.23bn expected to grow annually by 3.38% (CAGR

With the increasing shelf space in retail stores, many multinational brands have participated in the booming cosmetics and personal care space. According to TechSci research report, in association with Assocham, India accounts for a tiny share of the global cosmeceutical, cosmetics and personal care market. This is changing rapidly due to the macro economic factors such as improving demographics, development of Tier II and Tier III cities in India, rising middle class, expansion of retail and online stores, and social media influencer community promoting and marketing the products. Globally, the cosmeceutical, cosmetics, & personal care sector is expected to grow at a CAGR of around 3.5%, which is much lower than the anticipated growth in India. Various foreign FMCG multinationals such as Hindustan Unilever Limited (HUL), L'Oréal Paris, Procter and Gamble (P&G), Nivea, etc., have already established themselves in India. Increasing technology adoption, growing urbanization and structural reforms that are being introduced by the government are some of the major factors supporting growth in the Indian market. If you are a part of the cosmetic industry, connect with us, make your profile on the Chemical Market Leads Platform and list your raw materials used in the cosmetics industry.

On another note, Expo Paints and Coatings (EPC) 2023 going to be held in Delhi, Pragati Maidan from 13th – 15th July. We are booking the raw space and shell scheme for EPC 2023. For more details, please contact us or send us an email.

## HIND ELASTOMERS PVT. LTD.

### STARMAG MAGNESIUM OXIDE (JAPAN)

- 'STARMAG' is light burned and reactive Magnesium Oxide of high Purity, Isolated from Seawater with Chemical Process.
- 'STARMAG' 150 is High Activity, 'STARMAG' M is Medium Activity, 'STARMAG' L is low activity grade.
- Each grade has Special Characteristics such as good Dispersability and Workability for various Polymers.
- 'STARMAG' CX150 is Coated so it shows Superior Affinity, Dispersability and Workability for various Polymers.

### MAIN USES

Halogenated Elastomer	Magnesia Cement	Friction material
Dyes	Plastics	Catalysts
Refractory	Curing agent for phenolic resin	Absorbents
Food Additive & Animal Feed	Thickening agent for SMC / BMC	Grind Stones
Additive	Glass	Electrical Steel
Pharma	Ceramics

**Note :** If you do not get our magazine online or on whatsapp for continuous 2 months, please inform us at the earliest, so necessary action can be taken. We will not be able to do anything if, after a year, you let us know that you are not receiving our magazine.

## FREE SERVICES TO SUBSCRIBERS

Subscribers may send their enquiries for purchase of chemicals, machinery raw materials, technical know-how and employment related (jobs) to be published free of charge in Chemical Market magazine.

*You can also post your purchase and sales enquiries on our website at [www.chemicalmarket.net](http://www.chemicalmarket.net)*

All Enquiries are free except BOX NUMBER ENQUIRIES. They will be charged Rs. 500/- per insertion to be paid in advance along-with enquiry. Box Number means that the enquiries will be made to us to our postal address and/or our email address and thus hiding your identity for business purposes.

**Contact:** [info@chemicalmarket.net](mailto:info@chemicalmarket.net) or visit us at [www.chemicalmarket.net](http://www.chemicalmarket.net)
